

# Jeet Gangwar

## Web Developer

I am passionate about creating elegant and user-friendly web experiences. With a solid foundation in HTML, CSS, and JavaScript. I am proficient in building responsive and visually appealing websites. I have experience working with front-end frameworks like React JS and have a strong understanding of web development principles. I am a quick learner, adaptable, and enjoy collaborating with teams to solve problems and deliver high-quality solutions. With a commitment to continuous growth and staying up-to-date with industry trends.
